

Harvest Food Collection

Harvest time is here again!! This year we will be supporting our local worth valley food bank who distribute food to those in need. If you would like to donate, there will be a box outside the main entrance which you can put the provisions in. Please don't bring any perishables such as fresh fruit and vegetables as these get damaged and don't have a long shelf life. Things like tinned meat and vegetables, pasta, tea, coffee and items which can be stored for longer periods of time will be ideal. We will be collecting until Friday 17th September. Any donations and contributions will be greatly received! Thank you.
