**What is our long term task?**  
We are working towards being an eco-school and achieving the award

**What is going to be our focus for January and February?**  
Our Eco Warriors are passionate about recycling and they want it to be as easy as possible for us to do at school. They have decided to do the following things in school:

- ♻ Making sure there are recycling bins in all areas including outside
- ♻ Do an assembly about how we can recycle
- ♻ Gather clean crisp packets to create blankets for the homeless
- ♻ Make sure there is a recycling bin in the staffroom
- ♻ Set up a recycling challenge across school to encourage recycling at home
