What is our long term task?

We are working towards achieving SafetyMARK for our school

What is going to be our focus for January and February?

In our school we want everyone to know who and where they can go to, to get help. We are wanting to raise the profile of getting help with all our children in school. Therefore, we are going to:

- ✓ Make sure each classroom has posters about adults who can help
- ✓ Make sure children know about the NSPCC and Childline helplines
- ✓ Promote who the children can talk to at dinner times to get help
- ✓ Make sure all classes have a 'talk to me' box
