Questions**

What do assessment results really mean?

When it comes to standardised testing and other assessment results, you shouldn't feel bad about asking 'What does this really mean?'. Increasingly, assessments are given for school-level progress-monitoring purposes, and it's best not to get too worked up about precisely interpreting every detail.

Please make an appointment with your class teacher they will be happy to go through things with you. If your child is becoming stressed about exams, please talk to Mrs Dyson or Miss Smales and they can talk to them.

WHERE DO YOU KEEP YOUR MEDICINE

Our research suggests parents know they need to store medicine safely, but many also keep medicine within reach in places like purses and on nightstands and counters.

Remember to keep all medicine up and away, out of children's reach and sight.
