Dear parents and carers

As you may be aware we are heading into a heatwave. Although this can be something to look forward to it can also cause problems for us in school if your child is not prepared and children can become ill.

Please read through the following information and make sure your child can enjoy the warm weather safely:

- Your child must have a named hat in school. We may make the decision that if your child does not have a hat they cannot play out. Please let me reiterate that you **MUST** put your child's name in their hat.
- Your child may bring sunglasses to school – but they need to be responsible for them
- You **MUST** put sun cream on your child before they come to school. Your child is allowed to bring the sun cream to school, again please put on their name onto the bottle, however they will need to apply the cream themselves
- Your child needs to always have a water bottle in school. This will be refilled, and they will have it during breaks and lunches – again, you guessed it, name the bottle!
- We may make the decision to keep the children inside if the weather is too hot.
- If you have any gazebos we could borrow until the end of the school year we would be appreciative. This is to give shade on the playground – please drop these into the main office.
- Please read the warm weather procedures sent with this letter

Many thanks and we appreciate your cooperation

Mrs Jones

Head Teacher
